Engineering Directorate

Mr. Paul Bolton
Aviation Blade Services Incorporated
3969 Merlin Drive
Kissimmee, Florida 34741-4568

Dear Mr. Bolton:

The Engineering Directorate completed the review of your Maintenance and Overhaul (M&O) Source Approval Request (SAR) Z07-004-12. I am pleased to inform you that Aviation Blade Services, Incorporated CAGE Code 1EKF5, was added as an approved source for the UH-60 Blade, Rotary Wing, Part Number (PN) 70101-11200-044, National Stock Number (NSN) 1615-01-088-3230, and PN 70101-31000-043, NSN 1615-01-113-8188. This approval is based on the technical capabilities provided in your SAR package to perform M&O of the aforementioned components. This approval is for M&O only and is not to be considered an approval to manufacture replacement parts. Manufacturing of replacement parts is covered under the Spares SAR program and will be handled separately.

Should Aviation Blade Services Incorporated be awarded a M&O contract for the aforementioned component(s), updated planning, which includes the current revisions of the Depot Maintenance Work Requirement and applicable Maintenance Engineering Orders may be required in accordance with contractual requirements

The point of contact for this action is Mr. Tim O. Hampton, Aviation Sustainment Branch, Quality Engineering Division, 256-876-3198, or E-mail: timothy.o.hampton.civ@mail.mil. The alternate point of contact is Mr. Lee Drake, Aviation Sustainment Branch, Quality Engineering Division, 256-313-6371, or E-mail: lee.c.drake.civ@mail.mil.

Sincerely,

LOUIS J. SCIARONI
Acting, Director
Engineering Directorate
